DESCRIPTION OF SERVICES

This is a new requirement. The work consists of providing title evidence, title insurance, escrow services, and closing services for various real property interest acquisitions in the vicinity of Naval Air Station Joint Reserve Base Fort Worth (NAS JRB) Fort Worth, Tarrant County, Texas. The Government intends to award a firm fixed-price contract for real property title evidence and escrow services in support of Government acquisition of real property interests in the described area. Real Property title evidence and title insurance services shall be provided in accordance with the *Department of Justice Title Standards 2016*. The attached

“Contract for Title Evidence and Escrow Services” form constitutes the Government’s Statement of Work. Place of performance is Tarrant County, Texas. The estimated contract value is \$150,000.

Award will be made using simplified commercial evaluation processes under FAR Overhaul Part 12. The Government intends to award a single, firm fixed-price contract with a five-year ordering period to the Small Business Offeror whose proposal represents the best value to the Government based on:

1. Title Evidence Capability and Texas Licensure
2. Capacity to Support Government Real Property Acquisitions
3. Escrow Service Capability
4. Past Performance of Title and Escrow Services (Pass/Fail/Neutral)
5. Price Reasonableness

Technical criteria are approximately equal to Price.

Title services will be required for at least one real property interest acquisition during that period, and all title services needed during the period of performance will be obtained under this contract.

Offerors are advised the Government intends to evaluate proposals and award a contract without negotiations with offerors. Therefore, the offeror’s proposal should contain the offeror’s best terms from a price standpoint. Offerors should not assume they will be contacted or afforded the opportunity to qualify, discuss, explain, or revise their proposals. However, the Government may contact an offeror for the purpose of clarifying aspects of the proposal. The Government reserves the right to conduct negotiations if the Real Estate Contracting Officer later determines them to be necessary. If negotiations are conducted, then the offerors in the competitive range will be afforded the opportunity to revise their proposals.
