Enterprise Licensing Agreements

 [Subscribe to the ELA RSS feed](#)

The Department of the Navy is establishing Enterprise Licensing Agreements (ELAs) with IT hardware and software vendors to achieve cost savings, improve management, streamline procurement and enhance security. The DON ELAs are negotiated and centrally managed by the DON. As stated in the Feb. 22, 2012, memo, "[Mandatory Use of DON Enterprise Licensing Agreements](#)," signed by the Department of the Navy Chief Information Officer, the Assistant Secretary of the Navy for Research Development and Acquisition, and the Assistant Secretary of the Navy for Financial Management and Comptroller, all DON organizations and programs are required to use DON ELAs when the ELA offers the required hardware, software or service products. All DON ELAs and associated procurement policies are posted to the Program Executive Office for Enterprise Information Systems PMM-110 [portal page](#).

Microsoft Software Assurance for Microsoft Products

DON CIO Memo - June 8, 2012

The purpose of this memo is to clarify the manner in which SECNAVINST 5230.15, "Information Management/Information Technology Policy for Fielding of Commercial Off the Shelf Software" applies to Microsoft products. Microsoft SA is provided under Microsoft's licensing model and provides features essential to prevent operational and security vulnerability risks posed by unsupported software.

Where to Find DoD ESI ELAs

August 7, 2017

DON CIO oversees DON IT Strategic Sourcing efforts as strategic lead for DON Enterprise Software License (ESL) Agreements and also co-chairs the DoD Enterprise Software initiative (ESI). DON CIO optimizes IT Strategic Sourcing efforts to ensure maximum value to the DON through best practices including strategic collaboration, vendor management, education, and software license training.

What is an Enterprise License Agreement?

July 15, 2013

Last month, the Department of the Navy awarded a DON Enterprise License Agreement (ELA) for Oracle software that is expected to save over \$60M across the Future Years Defense Program. But what is an ELA?

Microsoft Enterprise Licensing Agreement Signed

July 5, 2012

Per the recently signed Microsoft Department of the Navy enterprise licensing agreement, all procurement of Microsoft brand software licenses including software assurance (SA), SA only, and subscriptions and SA-step up (SASU) for desktop and server based products must be acquired through the Microsoft DON enterprise licensing agreement (ELA) if that product is offered by the DON ELA.
